

STARSHIP RECOGNITION GUIDE

***VOLUME ONE:
2225-2325***

A Message from the Chairman...

STARFLEET International
Department of Technical Services
Office of Research and Development
Advanced Starship Design Bureau
Office of the Chairman

Vice Admiral Chris Wallace

Greetings!

The Starship Recognition Guide is a current listing of the more popular Federation starship classes portrayed in the movies, television series, and fandom. It was created to assist new shuttlecraft within Starfleet when choosing a class.

This volume of the Guide covers the years 2225 through 2325 and concerns itself with the timeframe of *Star Trek: The Original Series*, *Star Trek: The Animated Series*, and the movies *Star Trek: I, II, III, IV, V, and VI*.

The classes portrayed herein are not the end-all and be-all of those vessels available to shuttlecraft. Many other fan-produced designs exist, and we are constantly being exposed to new vessels from within *Star Trek* itself. The Office of Technical Information contains the most complete listing available of known starship classes, names, and registry numbers. Prospective shuttlecraft who do not find anything of interest here, would do well to drop them a line.
