

# STARSHIP RECOGNITION GUIDE

***VOLUME TWO:  
2325-2425***

## **A Message from the Chairman...**

STARFLEET International  
Department of Technical Services  
Office of Research and Development  
Advanced Starship Design Bureau  
Office of the Chairman

Vice Admiral Chris Wallace

Greetings!

The Starship Recognition Guide is a current listing of the more popular Federation starship classes portrayed in the movies, television series, and fandom. It was created to assist new shuttlecraft within Starfleet when choosing a class.

This volume of the Guide covers the years 2325 through 2425 and concerns itself with the timeframe of *Star Trek: The Next Generation*, *Star Trek: Deep Space Nine*, *Star Trek Voyager*, and the movie *Star Trek: First Contact*.

The classes portrayed herein are not the end-all and be-all of those vessels available to shuttlecraft. Many other fan-produced designs exist, and we are constantly being exposed to new vessels from within *Star Trek* itself. The Office of Technical Information contains the most complete listing available of known starship classes, names, and registry numbers. Prospective shuttlecraft who do not find anything of interest here, would do well to drop them a line.
