

**NOTES**

**DECK 4**

The stairs for evacuating the crew after an emergency landing via the hatch on Deck 2 start on this deck. Around, behind, and beneath these stairs is a storage space (EL).

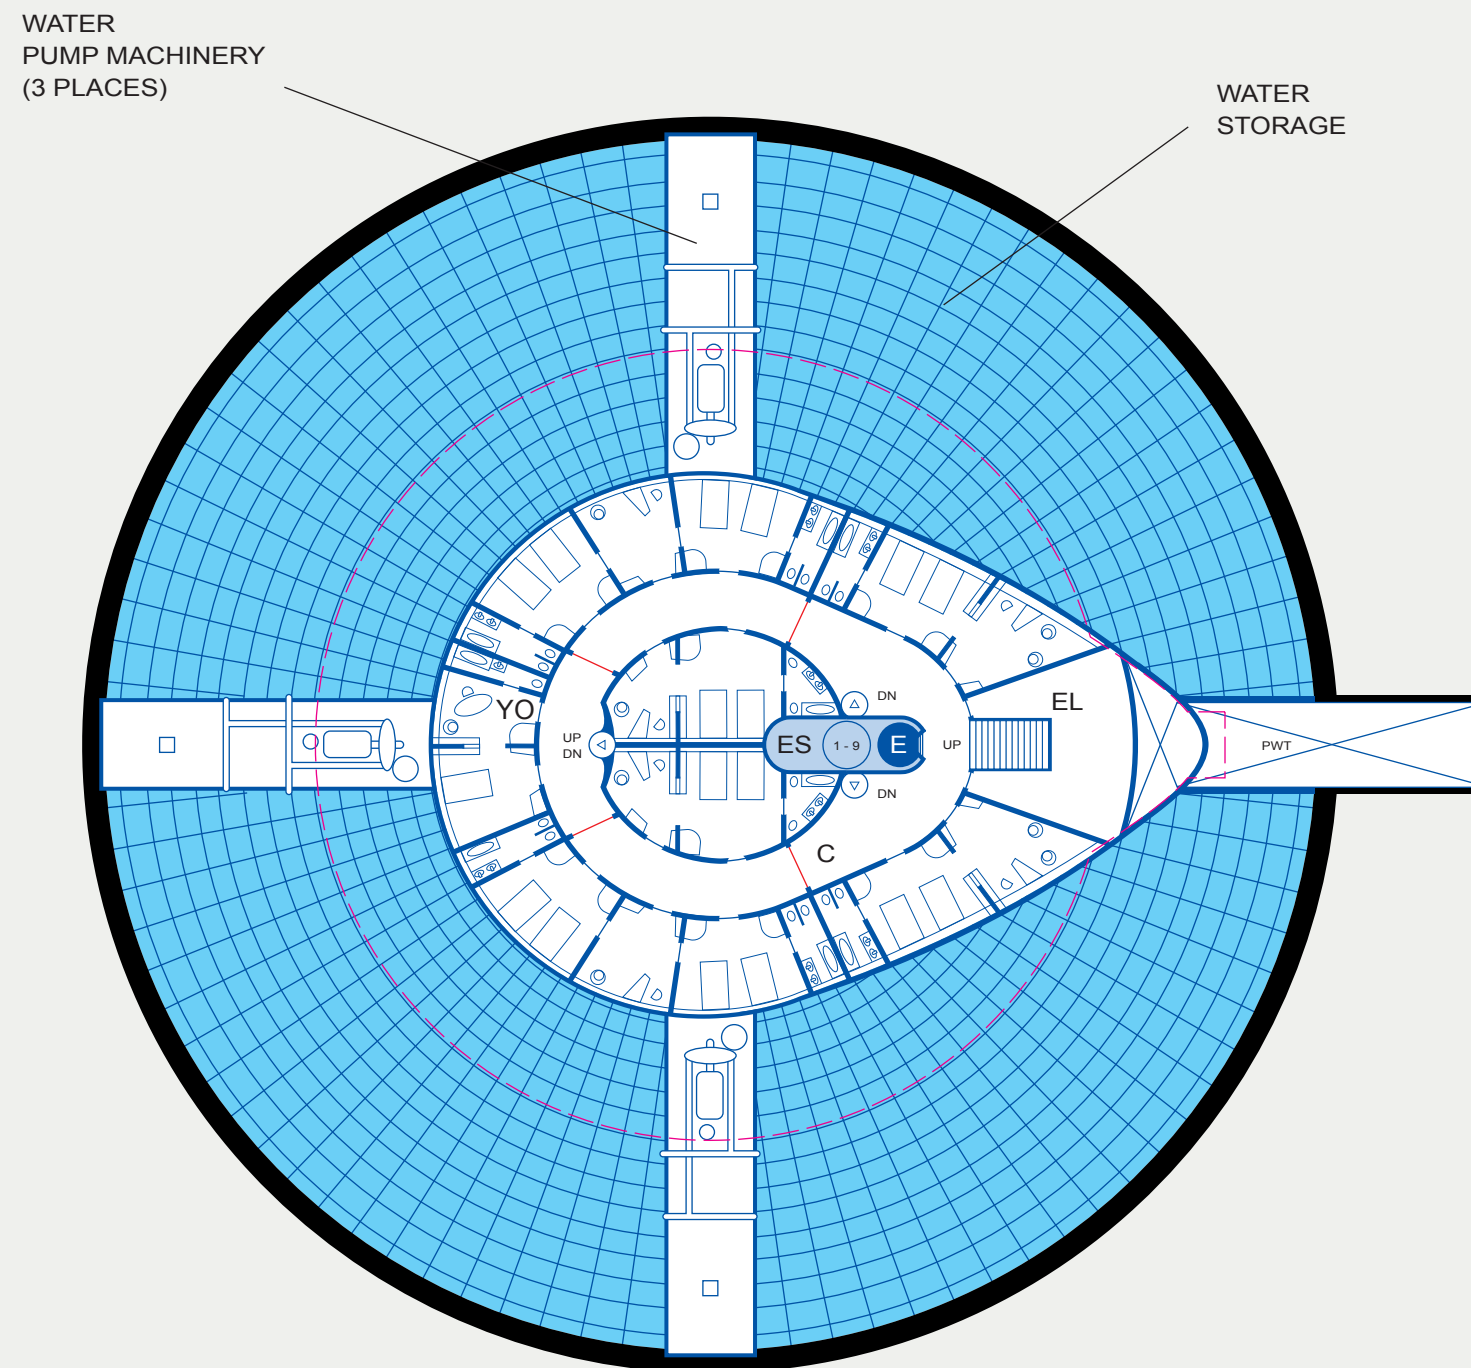

TMoST mentions that Water Storage is on Deck 7. Of course, water can be placed there too, but the shallow space around this deck lends itself well to this function.

Most of the Crew's Quarters in the Primary Hull are laid out in rings. The rings are labeled from the center outwards, starting with A, then B, then C, and so on.

**DECK 4 (continued)**

TMoST mentions Junior Officers have quarters on Deck 4. There are sufficient accommodations in the Primary Hull for the crew complement of this type of Destroyer. Crew members do not have to share quarters with anyone else.

The ship layout varies from the Constitution-class starting on this deck. The Piping / Wiring Trunk is raised so as to allow the turbo-elevator system on Deck 5 to reach further aft.

**ACCOMMODATIONS**

DECK 4 - Ring A -	4
Ring B -	13
DECK 5 - Ring A -	12
Ring B -	12
Ring C -	14
DECK 6 - Ring A -	12
Ring B -	18
Ring C -	30
Ring D -	42
Ring E -	32
Ring F -	36
Ring G -	35
Ring H -	20
TOTAL:	300

**SHIP'S COMPLEMENT**

OFFICERS .....	12
ENLISTED .....	60
TOTAL	72

**DECK 4: JUNIOR OFFICERS' QUARTERS**

In JOURNEY TO BABEL, over 100 diplomats were transported by the U.S.S. ENTERPRISE. In THIS SIDE OF PARADISE, over 150 colonists were transported off-planet by the ship.

Gene Roddenberry imagined a higher standard of living for everyone, even enlisted crew members. There are more than enough rooms and beds on the ship to accommodate diplomats, colonists, etc. It would only be in such situations that crew members might be asked to share quarters.
