

NOTES

DECK 4

These quarters are for the senior officers of this ship, or V.I.P.

The Mess in the center has food delivered by conveyors connected to the food preparation area on Deck 8.

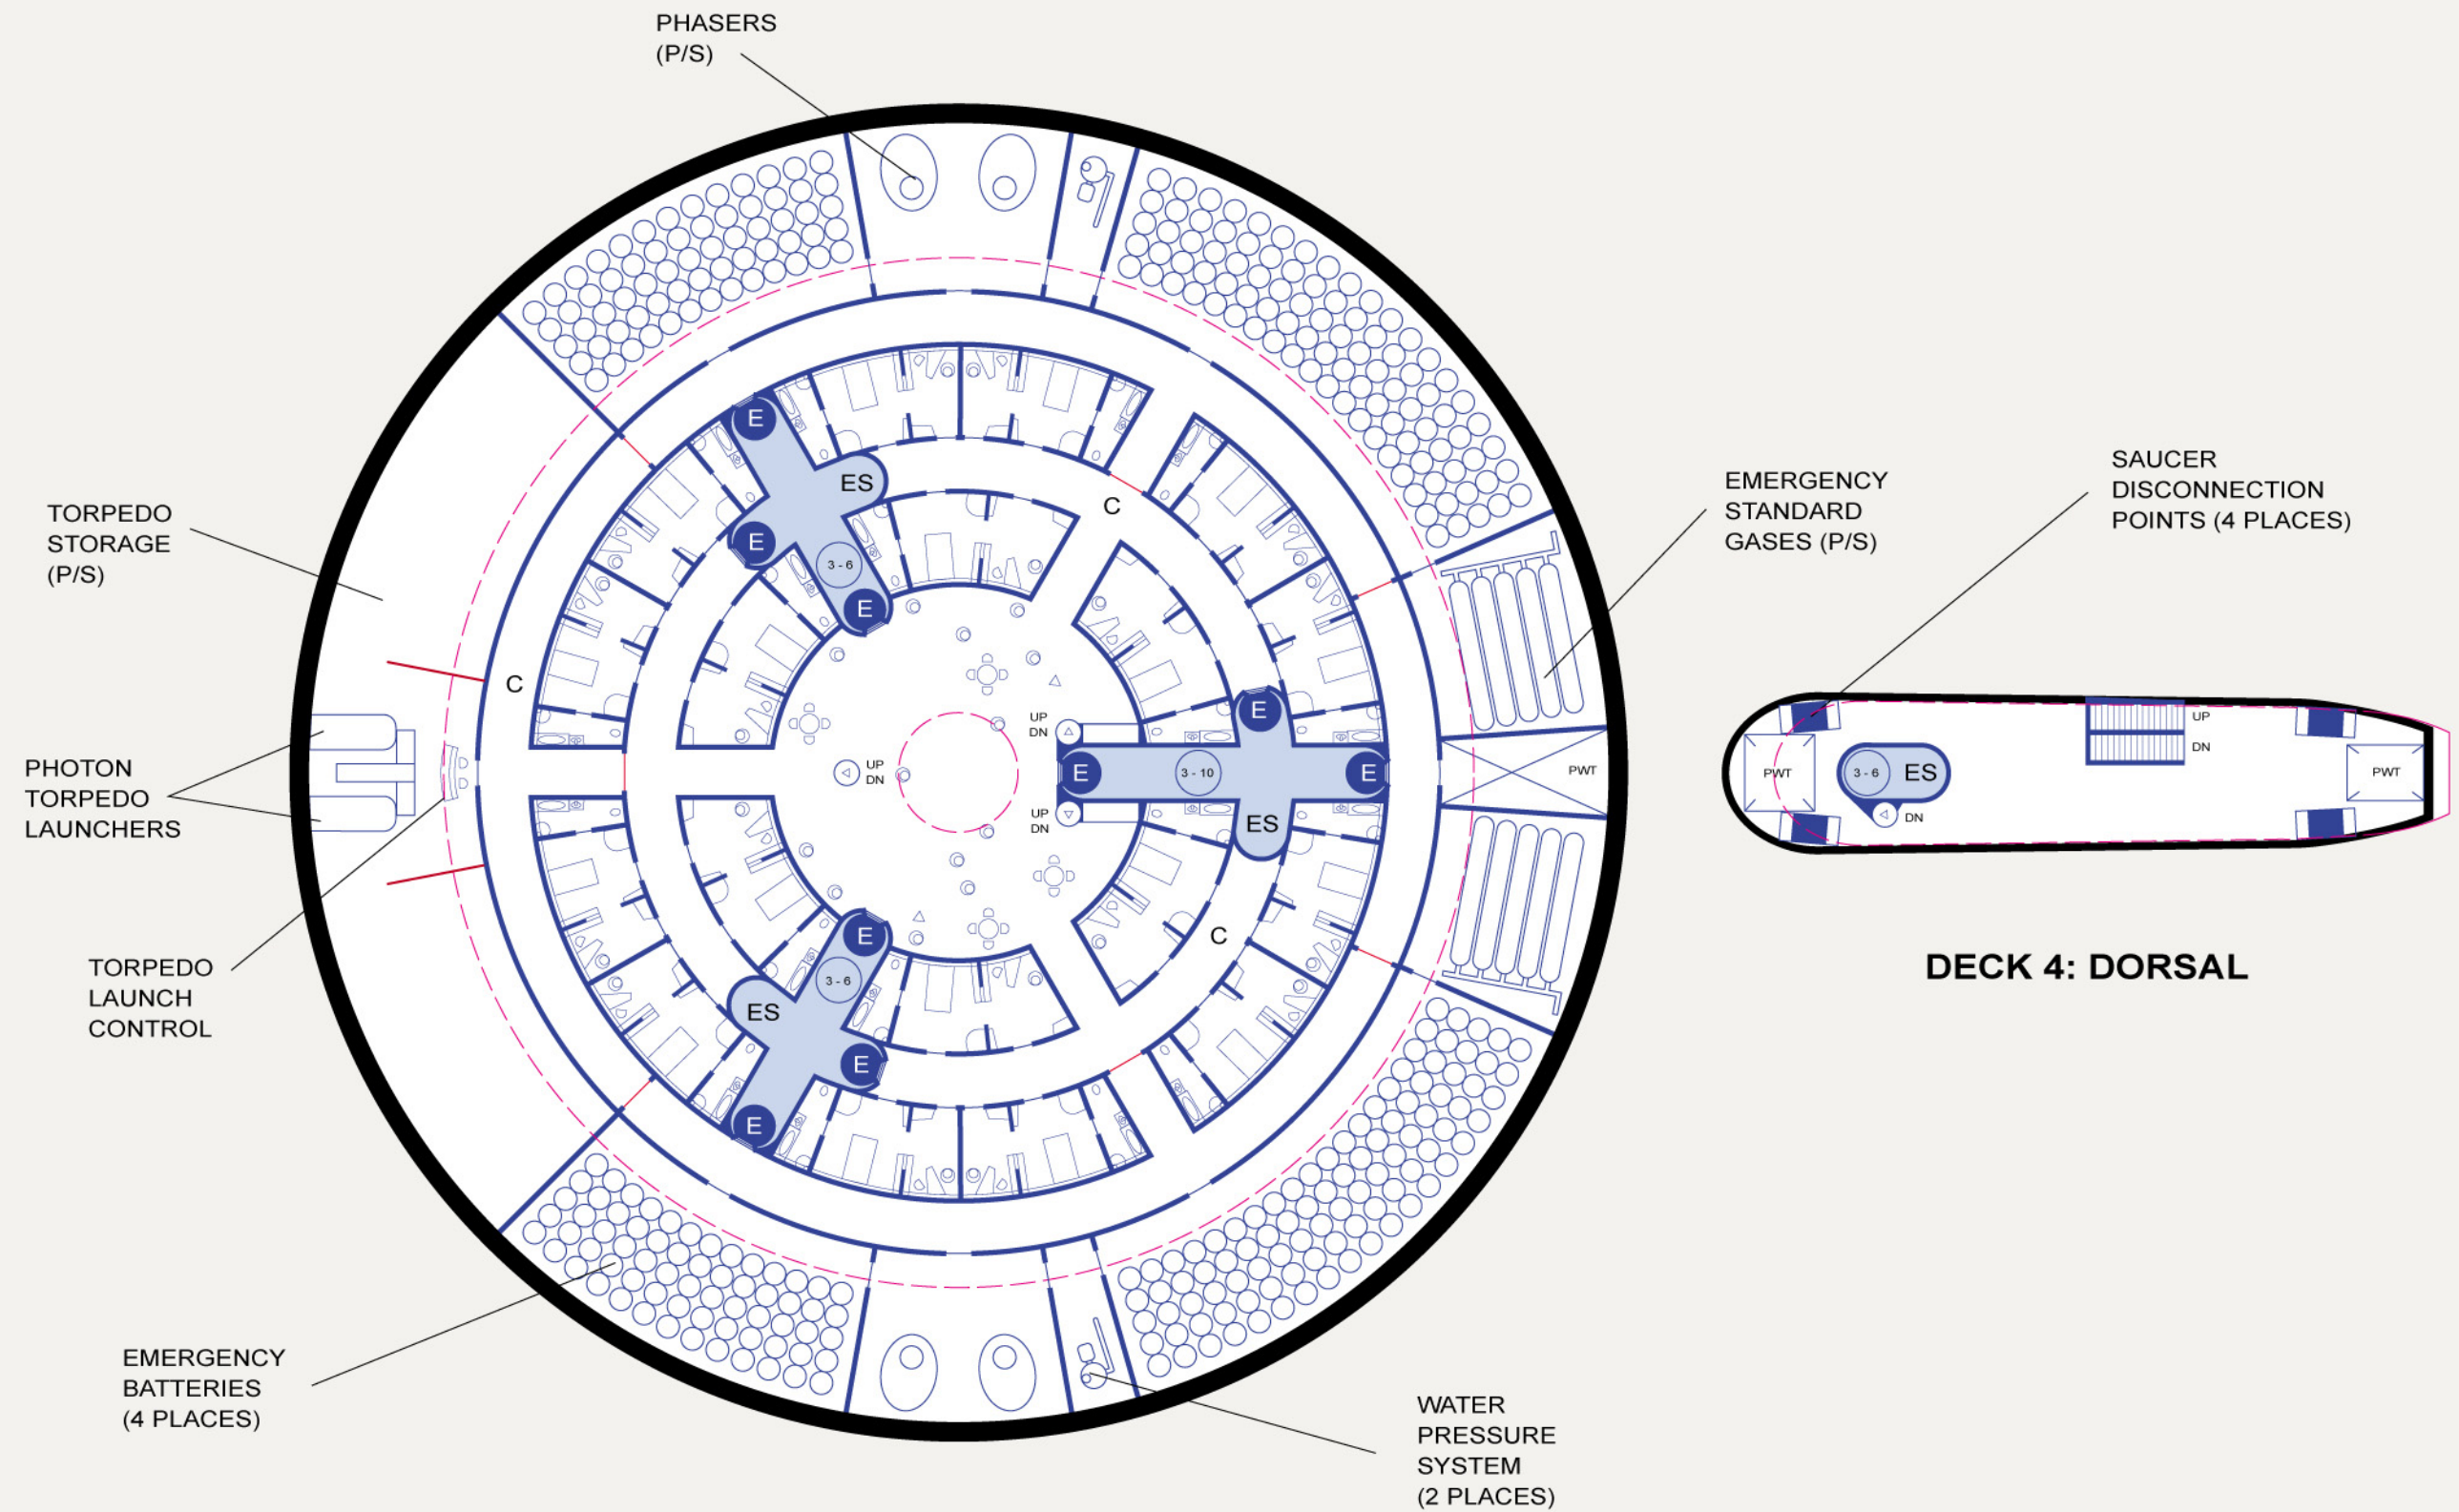

Around these quarters are Emergency Batteries, port and starboard Phasers, and the Torpedo Launch Control.

DECK 4 DORSAL

The disconnection equipment is located on this deck and the deck below. This area is kept clear and is difficult to enter except by authorized personnel. Access is from Engineering via ladders or stairs.

All the Crew's Quarters in the Primary Hull are laid out in rings. The rings are labeled from the center outwards, starting with A, then B, then C, and so on.

Many of the beds shown could be bunk beds. If so, the ship could easily help with rescue missions, diplomatic missions, or help evacuate / transport colonists if such a need should ever arise.
