

DECK 15: CLAMSHELL STRUCTURAL SUPPORT / CARGO

NOTES

- DECK 15
- The forward half of this deck is open to the Natural Habitat below, which starts on Deck 19 and continues up to Deck 15.
- The Clamshell Structural Support Beams are located in the ring-shaped Inspection Corridor. Within this corridor was the automated machinery for deploying the clamshell; that machinery has since been removed / re-purposed.
- The first of the Manufacturing Stations are on this level. Cargo Holds fill the rear half of the deck. The Cargo Lifts continue through this deck.
- Stairs begin on this deck and reach down to Deck 20.
- A Circuit Panel Room is in the forward half of the inner section.
- The Gravitics Control Room for the top half of the Space Station is in the rear part of the inner section.
