

NOTES

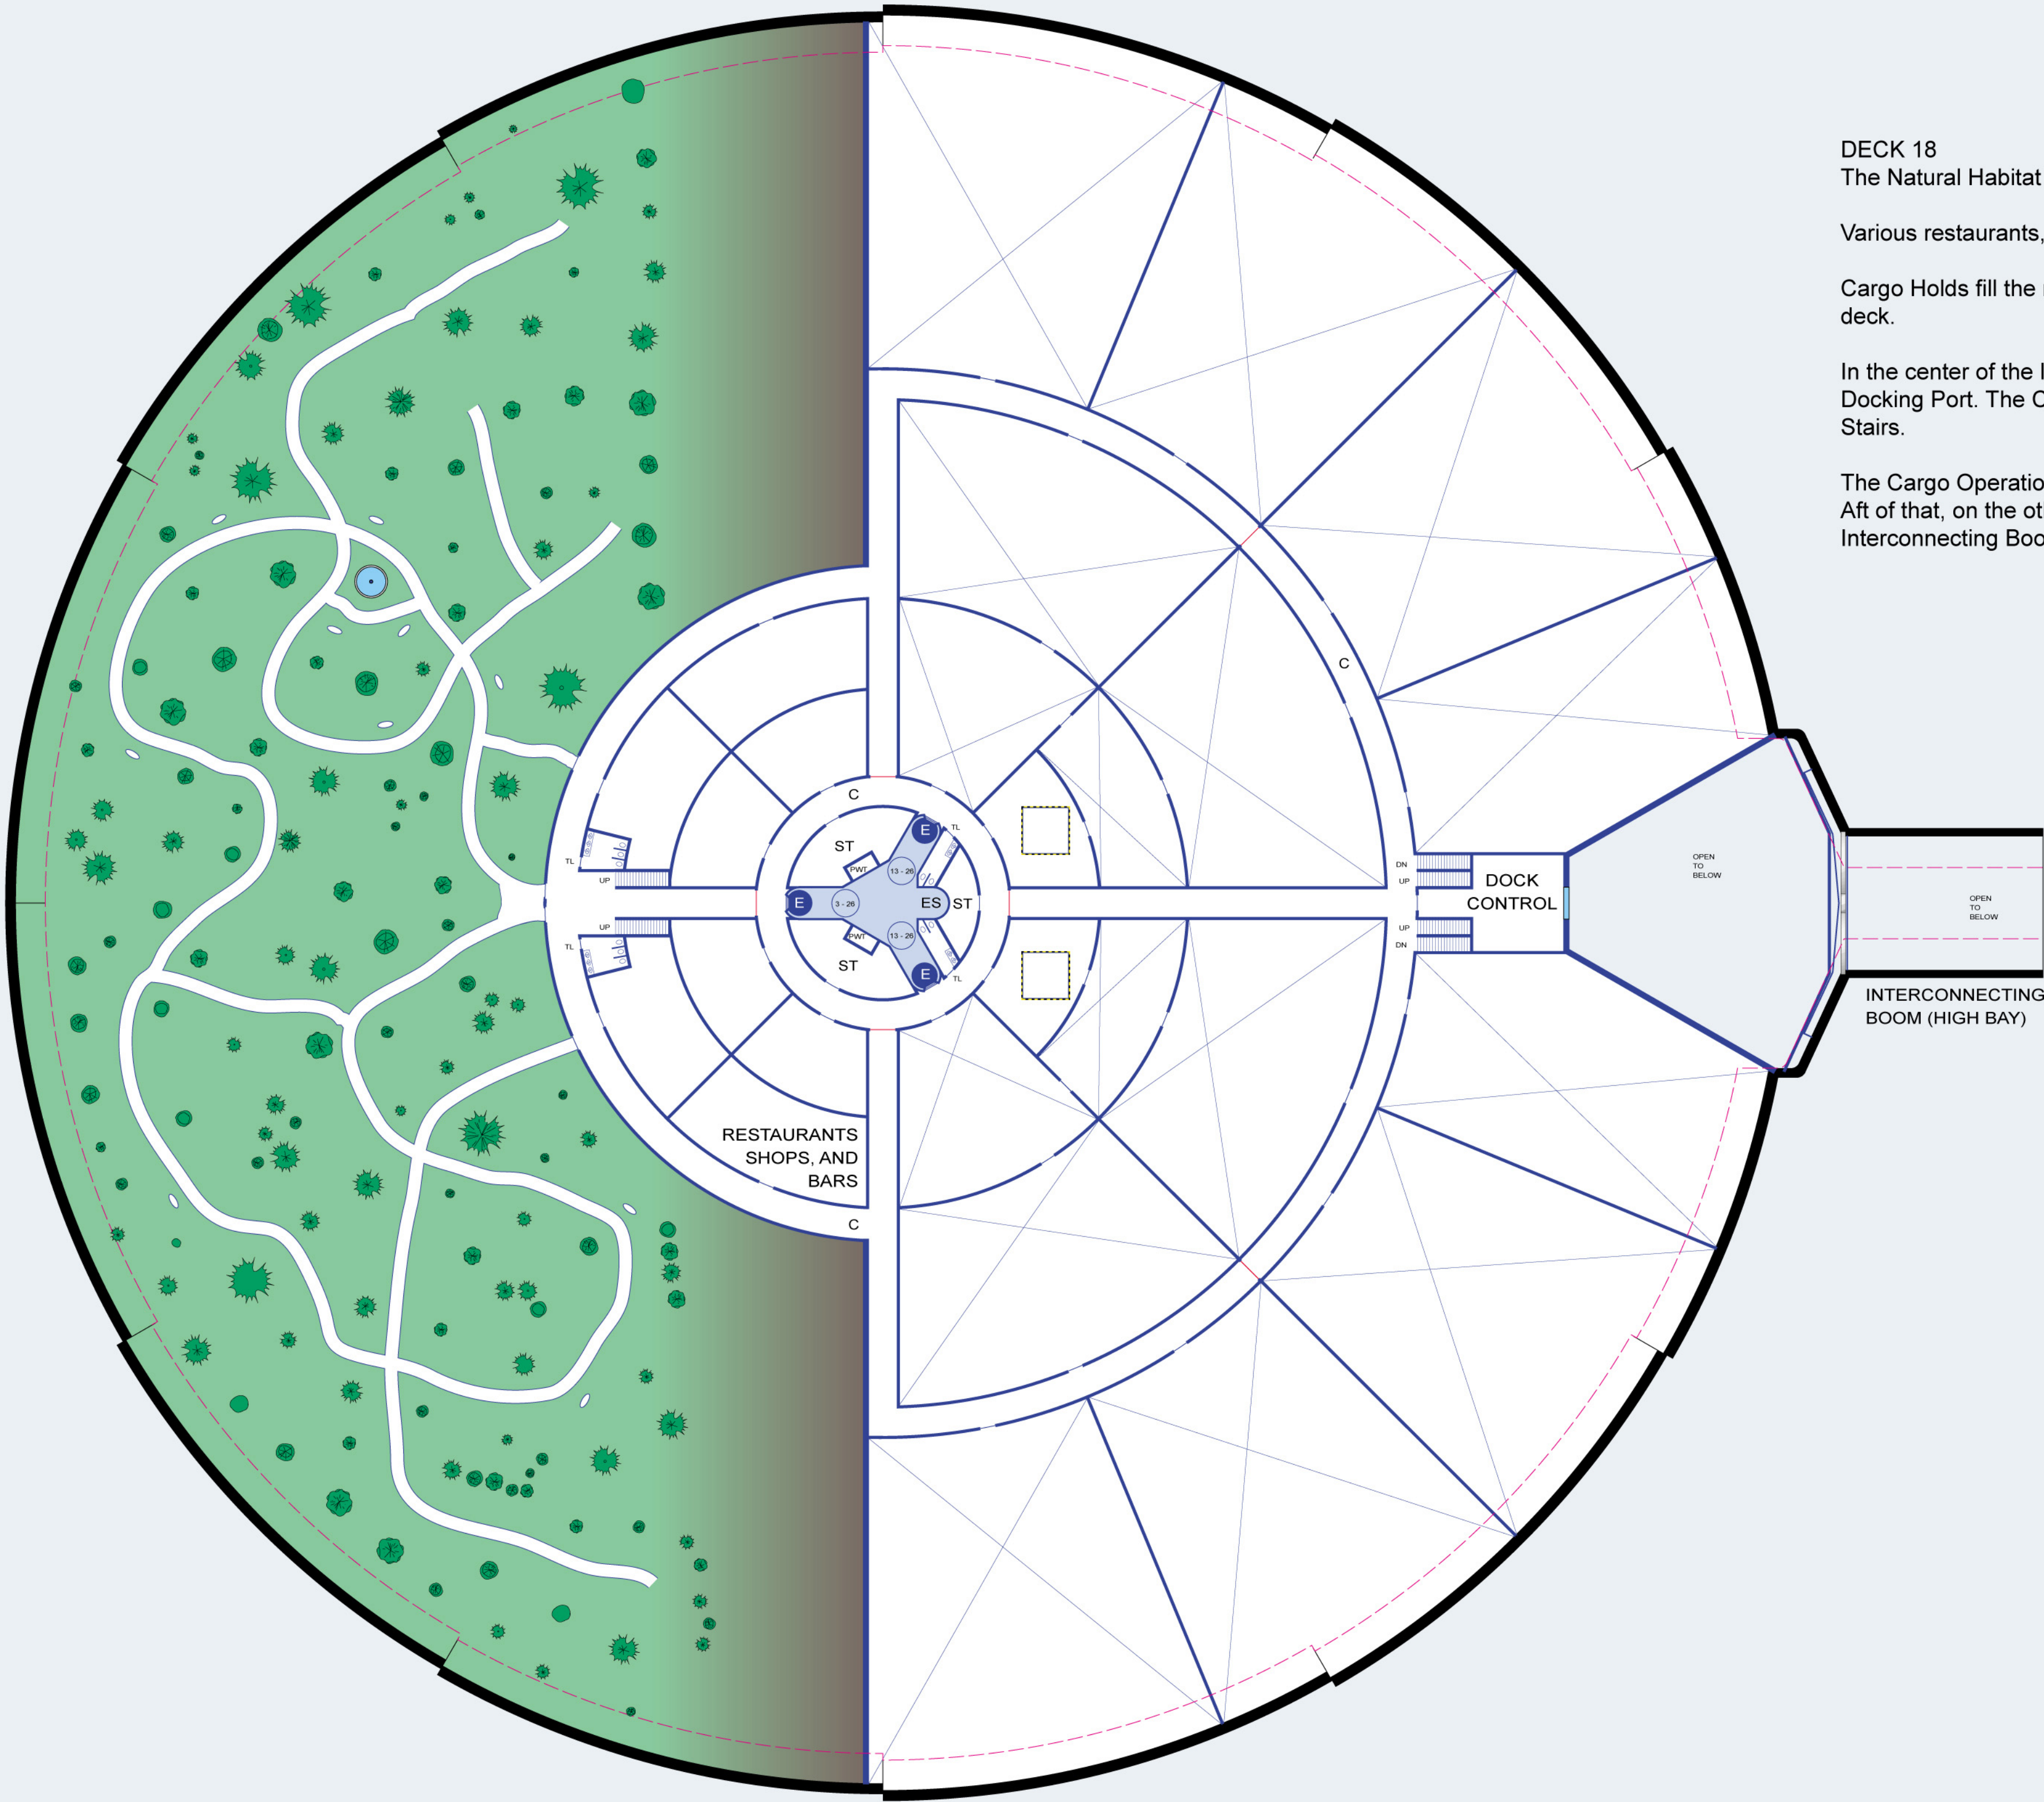

DECK 18
The Natural Habitat occupies the forward half of the deck.

Various restaurants, shops, and bars are in the forward half of the inner ring.

Cargo Holds fill the rear half of the deck. The Cargo Lifts continue through this deck.

In the center of the large rectangular extension at the rear of the Main Hull is a Docking Port. The Control Room for Docking Operations is located aft of the Stairs.

The Cargo Operations Center High Bay is located aft of the Dock Control Room. Aft of that, on the other side of the Docking Port Doors is the High Bay for the Interconnecting Boom. See the next page for more information.
