NOTES

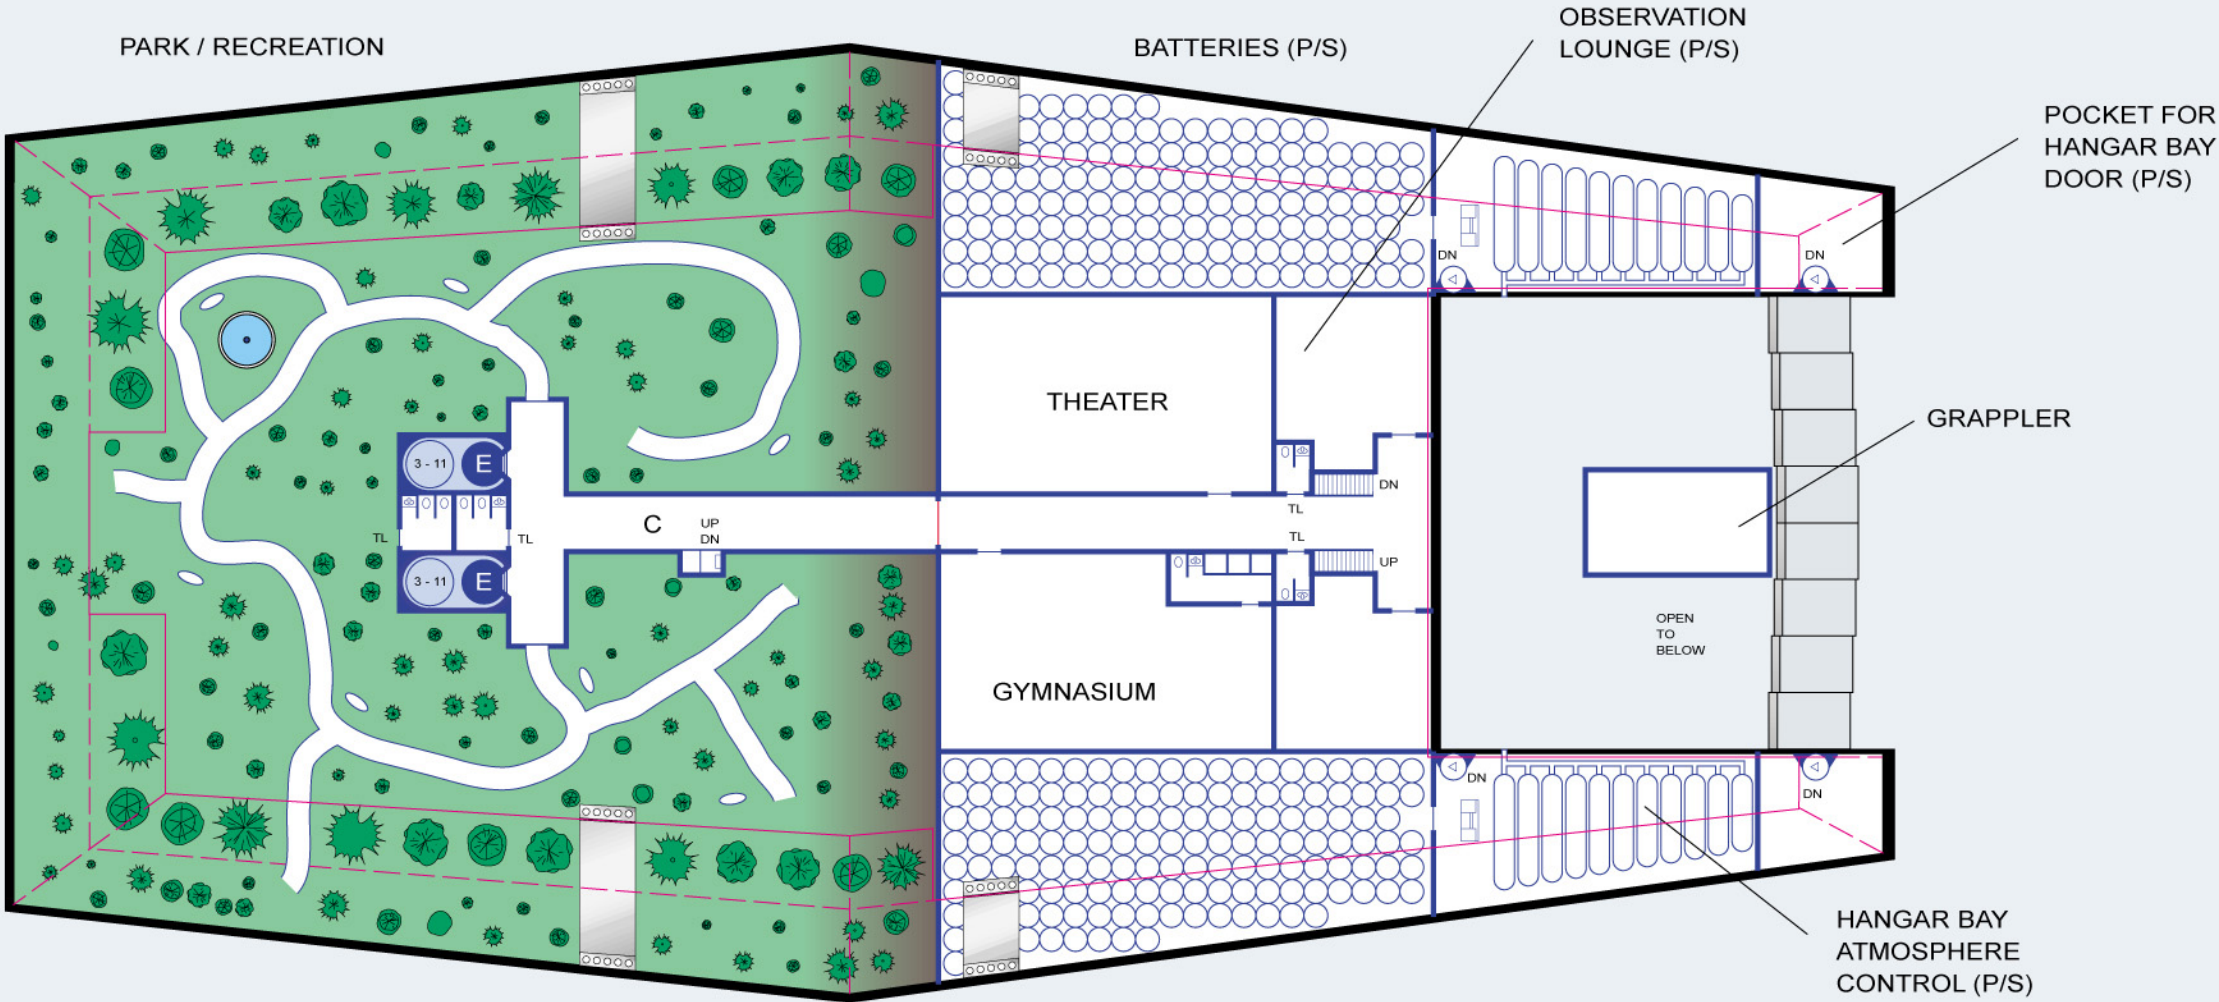

DECK 5
The Park is considered "Recreation or Entertainment" as is the Gymnasium and the Theater. This green space helps with cleaning the atmosphere, and with air circulation.

Outboard of the Gymnasium and Theater are more Batteries.

The Observation Lounge provides a view of the Hangar Bay.

On either side of the Hangar Bay (aft of the Batteries) are the gas bottles and Atmosphere Pressure Equipment for cycling the air before opening the Hangar Bay doors to receive Shuttlecraft.

At the extreme aft of the deck are the "pockets" into which the Hangar Bay doors retract.
