DIFFERENT SOUNDS

With the past eight months being very busy and tiring for RUSH, they are currently taking a couple of months holidays for June and July. But holidays for Geddy, by no means. He has just finished producing the "Boys Brigade" first new album, which should be released July 11th.

RUSH is back in the studio September, where they will record their next album; due in the stores early 1984! With recent interviews, Alex Lifeson stated that the band is slowly loosing interest with their writing of new music. RUSH would like to try something very different to their current style, but fear that they might lose a lot of their present fans. "What is RUSH going to be doing that could possibly cause them to lose fans?" But, if RUSH fans are really true RUSH fans, wouldn't they except and appreciate what RUSH feels is right????? Who knows, we'll just have to wait and see what they come up with. Stay tuned for more information on their new album.

As most of the members already know, the RUSH Backstage Club has been trying to organize some "RUSH" merchandising items available to you. A proposal has been sent to RUSH's management and we are awaiting final approval. Also with the amount of time and work that went into the merchandising proposal, the Convention proposal has yet to be completed and approved. If a RUSH Convention should take place, it would have to be pushed back to the late Fall. The past six months have been very busy for the RUSH Backstage Club. New members have been coming in from all over the world, and with the amount of work put upon us, some mailings have been delayed. Please remember the Club is a non-profit oriented business, and the people that put their time into the Fan Club are working on it part time.

An idea was put across to the Club a few days ago; it was to have a RUSH information sheet. A booklet put together containing facts all about RUSH. What we need now are all the facts you would like to know about RUSH. Their birthdays, ages, and anything else related to them or their musical career. Send your questions to us now!

RUSH concluded eight months of consistent touring in North America April 7, 8 & 9 in the Province of Quebec. La Colisee April 7th sold out immediately while April 8th at the Montreal Forum sold out in one day with the second show on April 9th also a sell out.

This was the first time RUSH has ever performed in Quebec City and the quick sell out and crowd response confirmed that a RUSH concert was long over due. In fact how often does a concert get front page coverage in both Daily Papers?

RUSH has been #1 Top Grossing Box Office Attraction 6 weeks straight in the U.S. based Performance Magazine's "TOPS IN PERFORMANCE" chart ahead of Bob Seger, Styx and Kenny Rogers.

After a brief break RUSH began a three week tour of Europe and the U.K. including 4 soldout nights at Wembley Arena in London.
